Roller Shades

Designed For Your Lifestyle.

From top to bottom Tiger Window Fashions has you covered with roller shade options. Start by choosing an operating system then choose how to finish your shade with options from standard open-ended systems with color coordinated hardware to completely custom Fabric wrapped valances.

Operating Systems

Control your shade with operating systems including Bead Chain control featuring the Skyline™ clutch system, or cordless systems featuring the Easy spring Ultra cordless system, the Easy Spring Ultra Wand cordless system, the Tiger Window Patented Soft Lift® cordless system (the only push-up cordless system available for Zebra Shades) or the ultimate upgrade to Automate™ Motorization for hands-free control from your smartphone or connected tablet.

Top Treatments

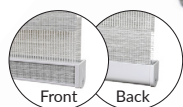

With choices ranging from the sleek and versatile Skyline™ Open-Ended system the completely custom Fabric Wrapped Valances, Tiger Window Fashions has top treatment options to fit any design scenario.

Bottom Rails

Finish off your shade with Skyline™ D30 Aluminum Bottom Rails with color coordinated end caps, or a Fabric Hem Bar where an aluminum bar is seamed into the fabric. Our Zebra Shades feature the custom Tiger Window Fashions Fabric Wrapped bottom rails with color-matched end caps or the new Zebra Custom Designer bottom rail with matching fabric insert.
